Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Wednesday 20 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Overnight rain clearing to a cold, bright day on Thursday.

This Evening and Tonight:
Dry with clear spells once any evening showers clear, before some outbreaks of mainly light rain moves south across the region around midnight. Turning colder and breezier as the rain clears, with scattered showers and coastal gales developing. Minimum temperature 1 deg C (34 deg F).

Thursday:
A cold, but mainly dry and bright day with long spells of autumn sunshine. Generally windy with scattered showers, mainly in the afternoon, along with coastal gales, decreasing later. Maximum temperature 10 deg C (50 deg F).

Outlook for Friday to Sunday:
Bright and breezy at first Friday, with scattered showers, easing later. Saturday, dry, bright, but increasingly windy, with overnight rain and milder temperatures. Sunshine and showers Sunday.
